

# READING PARTNERS

2021-22 school year at a glance

READING  
PARTNERS

*Reading Partners mobilizes communities in 12 regions across the US to provide students in under-resourced schools with the proven, individualized reading support they need to read at grade level by fourth grade.*

## How Reading Partners works

### PROVEN PROGRAM

- ✓ Gold-standard research shows Reading Partners has a positive and statistically significant impact on student reading proficiency with a high return on investment.

### COMMUNITY DRIVEN

- ✓ We partner with schools, community groups, and local volunteers to multiply resources and impact for students, providing them with twice-weekly, one-on-one tutoring sessions either in person or online.

### INDIVIDUALIZED

- ✓ Our research-based curriculum is designed to ensure elementary students enter the program at the appropriate level and ongoing assessments help us tailor and focus the instruction students receive.

## Equitable access to early reading support empowers future leaders

### LITERACY IS DIRECTLY TIED TO THE NEED FOR EDUCATIONAL EQUITY

Students have limitless potential, but because of systemic barriers that far too often fall along racial and socioeconomic lines, many students in our country don't have access to the early literacy support they need to build a strong academic base.

### READING IS THE FOUNDATION FOR ALL FUTURE LEARNING

Research shows that when students can read at grade level entering fourth grade, they are four times more likely to graduate from high school, opening doors to endless possibilities for their futures.
